**Subject:** Kubota email response - Contact # 50429

Dear [REDACTED],

Thank you for visiting our website and for your email. Please find below the tire information requested. Note that the Kubota# referenced is a rim/tire combination and may no longer be available, though your local dealer will likely be able to identify alternatives. The Description indicates the Ag tire size. The Remarks section provides additional models using the same tires. Please contact your local dealer for assistance in sourcing the appropriate rim/tire combinations for your specific tractor.

Regards,  
Kubota Tractor Service
