4.00-12 Vredestein Tractor Lug V67

I am very pleased with the tire since I bought a set a few years ago. They are holding up well considering they have to be stored outside. I had a difficult time finding this size tire with the bar tread to match the original size that came with my Frazer Rototillers. Although a 5" tire of this size can be substituted, I like the original narrow look that this size provides. It would be nice if it had an original brand name like Firestone or Goodyear. Other than that I am quite
